-International Women's Day Website-

International Women's Day (March 8) is a global day celebrating the social, economic, cultural and political achievements of women. The day also marks a call to action for accelerating women's equality. The theme of International Women's Day 2020 is "An Equal World is an enabled world" and encourage women around the world to adopt the positive mindset to be #EachforEqual.

CMDW celebrated this year's International Women's Day by holding short film competition and business plan competition for Indonesian MDWs. On 8 March 2020, we launched the competitions online via Facebook with all co-organizers' representatives (Migrant Training Center, Enrich, Pospera, and Eden) present.

Due to COVID-19 pandemic situation, the events(competitions) took longer time to be concluded. However, we finally able to announced our top three winners for both competitions on 21 June 2020!

As the gathering ban in Hong Kong had been eased on the day, all participants, jury members and representatives of the organisers were invited to join the 2-hour event to collectively celebrate the passion and creative talents the participants showed in their short films and business plans.

Our respective jury members and speaker, who are professionals in their industries, gave encouragement and guidance to all the participants so that they would use their experience and knowledge from these competitions to build a better career in the future.
